Product Sheet

Not all product variations listed on this page are DLC qualified. Visit https://www.designlights.org/qpl to confirm qualification.

IKIO's Delphi Linear Low Bay — an energy-efficient replacement for traditional fluorescent fixtures — comes with excellent CCT & power selectable capabilities. It allows customers to select different CCTs & wattages, thereby offering greater flexibility when it comes to application areas. Moreover, the luminaire's superior design helps in rendering smooth and evenly distributed light output with no dark spots to look out for.

Application : Industrial Areas, Warehouses, Garages, Workshops, Commercial Spaces

120.0

FEATURES

- CCT & power selectable capabilities for greater light control.
- Evenly-distributed, high-efficacy illumination with no dark areas.
- Long-lasting finish that adds to the aesthetics of the space.
- Quick and easy installation with the surface mounting

feature.

Suitable for multiple application areas because of

low-profile design.

High energy savings compared to conventional linear

fluorescent fixtures.

Note: Warranty and Qualifications can vary per item, see technical data sheets (TDS) for specific information. • Not all product variations listed are DLC® qualified. Visit www.designlights.org/search to confirm qualification. • Published lumens on LED products are approximate and may vary slightly. • Specifications are subject to change without notice. • Photos and drawings may not be to scale and are for general reference only.
