LINEO

LINEAR HIGH BAY (CCT & POWER SELECTABLE)

IKIO's Lineo Linear High Bay comes with CCT and power selectable capability, making it suitable for a variety of industrial and commercial applications and mounting heights. The luminaire is easy to install, delivers high lumen output, and can be considered an easy replacement for traditional linear fluorescent and HID fixtures. When installed correctly at the recommended height levels (15–35 feet), Lineo Linear High Bay can help reduce energy consumption by up to 70% and lasts for a long time.

Applications: Large Warehouses, Manufacturing Facilities, Gymnasiums, Athletic Facilities, Workshops, Auditoriums, Airport Hangars

FEATURES

- **CCT & power selectable** capability.
- **Exceptional efficacy** of up to 141 lm/W.
- **Soft & uniform light** output with high CRI.
- **Dimming capable.**
- **Instant start** with no flickering or humming.

Note: Warranty and Qualifications can vary per item, see technical data sheets (TDS) for specific information. • Not all product variations listed are DLC® qualified. Visit www.designlights.org/search to confirm qualification.
• Published lumens on LED products are approximate and may vary slightly. • Specifications are subject to change without notice. • Photos and drawings may not be to scale and are for general reference only.
