# T8 TUBE

## TYPE C

IKIO's T8 Tube Type C is perfect for those looking to retrofit outdated fluorescent ballasts for enhanced efficiency, without opting for Type B lights. This luminaire includes a top-tier external driver that can be integrated with dimming functionality, offsetting labor and installation expenses. With features like high-efficacy lighting, assured system compatibility, and enduring performance, this tube stands out as an optimal choice for a swift LED upgrade!

**Applications:** Offices, Schools, Hospitals, Retail Stores, Lobbies, General Areas, Residential Spaces

## FEATURES

- **Simple and uniform design** makes it easier to install and replace existing fixtures, reducing the costs considerably.
- **Outfitted with a high-quality external driver**, delivering soft and comfortable lighting; no infrared or UV rays.
- **Comes with a dimming option (0-10 V)** for enhanced lighting control.
- **Suitable for use in dry and damp locations** and in low temperatures.

Note: Warranty and Qualifications can vary per item, see technical data sheets (TDS) for specific information. • Not all product variations listed are DLC® qualified. Visit [www.designlights.org/search](https://www.designlights.org/search) to confirm qualification. • Published lumens on LED products are approximate and may vary slightly. • Specifications are subject to change without notice. • Photos and drawings may not be to scale and are for general reference only.
