

T8 TUBE

TYPE B

COMMERCIAL LIGHTING | TUBES

PRODUCT DETAILS

IKIO's T8 Tube - Type B is designed in a way that it can directly replace the traditional fluorescent lighting systems in any commercial or residential space. This tube comes in different color temperatures — each having its own benefits. This versatility allows a lot of options for you to choose from depending on your unique needs. The product is available in both frosted lens and clear lens delivering an evenly illuminated glow, similar to that of traditional fluorescent tubes. It is also fitted with an internal IKIO driver that works with in-line voltage.

FEATURES

- **Ease of use** - can run directly off main without any major rewiring.
- **Sustainable** - low energy consumption and maintenance cost.
- Unique design with a perfectly uniform visual appearance.
- **Exceptional efficacy and light output with a wide beam** - no flickering.
- Does not need a ballast to work.
- Comes with an in-built universal line voltage driver.

APPLICATIONS

Offices	Schools
Retail Stores	Residential Spaces
General Areas	Lobbies
